November 2016

US 181 Harbor Bridge Project Public Meeting held November 17

Community members were invited to attend an open house style meeting to discuss proposed design modifications south of the Corpus Christi Ship Channel. The public was given an opportunity to view and comment on proposed design modifications to the Recommended (Red) Alternative as presented in the January 2016 Record of Decision for the US 181 Harbor Bridge Project.

Community Connections

December 8:
Public Hearing
City Hall-Council Chambers
3 p.m.

Community member reviews reevaluation for proposed design changes at the November 17th Public Meeting.

Darrell Chambers, FDLIC, Design Build Coordinator, reviews roll out schematics along with a community member.

Figg unveiled the 3D model of the new US 181 Harbor Bridge

Members of the public were given the chance to view the nearly \$900 million bridge up close. They were also given the opportunity to view a 4D animation presentation that reveals the development, design and construction of just over six miles of combined bridge and roadway. The 4D animation can be viewed at any time at www.harborbridgeproject.com. [Click Here](#) to view the full 4D animation.
