January 15, 2018

Upcoming Harbor Bridge Project lane closures to affect SH 286 (Crosstown Expressway) and IH 37

CORPUS CHRISTI – Upcoming closures will affect various routes within the Harbor Bridge work zone over the next several months. Closures will take place in the western end of the project zone and will not affect traffic on the Harbor Bridge. All work is weather permitting. A detailed listing of closures is included below.

Beginning January 22, 2018 to January 25, 2018 the following closure will be in effect:

The entrance ramp to State Highway 286 (Crosstown Expressway) from Laredo Street will be closed beginning at 8 a.m. on January 22 through 10 p.m. on January 25.

Beginning January 29, 2018 to February 2, 2018 the following closure will be in effect:

The entrance ramp to State Highway 286 (Crosstown Expressway) from northbound IH 37 will be reduced to one lane from 9 p.m. to 6 a.m. overnight.

Beginning January 29, 2018 to April 2019 the following closures will be in effect:

The left lane on northbound SH 286 (Crosstown Expressway) and the left lane on southbound SH 286 (Crosstown Expressway) will be closed between IH 37 and Agnes Street.

Detour routes will be established and traffic signs will assist with navigating motorists through alternative routes.

Motorists are urged to be aware of the lane closures, to consider using alternate routes to avoid delay, to follow all traffic control devices, and to slow down in the work zones.

For information about all current and upcoming lane closures related to the Harbor Bridge Project, visit www.harborbridgeproject.com.
