TRAFFIC ADVISORY

For Immediate Release

June 18, 2017

Upcoming Harbor Bridge Project traffic switch to affect North Beach area

Closures to result in two-way traffic on US 181 northbound frontage road

CORPUS CHRISTI – Beginning June 29, 2018 traffic on the southbound US 181 frontage road between Burleson Street and Beach Street will be detoured to the northbound frontage road of US 181 as part of the Harbor Bridge Project. The traffic switch will include two-way traffic movement in this area, where it was previously configured for one-way traffic only. Traffic signs will assist with navigating motorists through the newly created route. The traffic switch will remain in effect for approximately one year. Please see attached map for more information.

Motorists are urged to be aware of the lane closures, to consider using alternate routes, to follow all traffic control devices, and to slow down in the work zones.

For information about all current and upcoming lane closures related to the Harbor Bridge Project, visit www.harborbridgeproject.com.
